## Our Philosophy

It is our desire at Pepe Pictures to create a lasting relationship with you and your families. We want you to be relaxed and calm knowing that we are there to capture the romance and excitement of your wedding day. We consider it an honor and privilege to be a part of this very special time in your lives. It is our goal to provide quality products with unsurpassed service.

1 Corinthians 13

<sup>4</sup>Love is patient, love is kind.

It does not envy, it does not boast, it is not proud.

<sup>5</sup>It is not rude, it is not self-seeking,

it is not easily angered, it keeps no record of wrongs.

<sup>6</sup>Love does not delight in evil but rejoices with the truth.

<sup>7</sup>It always protects, always trusts, always hopes, always perseveres.

<sup>8</sup>Love never fails...

<sup>13</sup>And now these three remain: faith, hope and love.

But the greatest of these is love. (NIV)

## Sign up for Monthly Payment Plan

and receive a

FREE 11x14 with Signature Mat

Here's how it works:

1. We'll divide your chosen collection amount by how many months there are until your wedding date--that becomes your monthly payment.
2. You'll complete a form authorizing us to charge all monthly payments to your credit or bank debit card.
3. Each month, we'll mail you a receipt with current balance for your records.
4. Receive your free 11x14 image including Signature Mat once all payments are complete.

### Details:

- You must choose your collection within one month of booking; wedding must be booked at least 4 months before wedding date (minimum of 3 payment plan payments).
- Payments are deducted on the 15th of the month following month of booking and each month thereafter until balance is due.
- Monthly payments are determined by adding sales tax to your collection amount, deducting the retainer fee, then dividing that amount by the number of months until the wedding, with the last payment due *at least* one month prior to the wedding date. Gift to be delivered once all payments are complete.

## Details

**RETAINER FEE:** There is a \$500 retainer fee required to hold the wedding date and is due at the time of contract. This amount is non-refundable and non-transferable. This amount is applied toward your total collection price.

**BALANCE:** Collection must be **PAID IN FULL** at least **ONE MONTH (30 days)** prior to the wedding.

**SALES TAX:** ALL prices are subject to local sales tax.

**PAYMENT:** We accept cash, check, and major credit and debit cards. You can set-up for automatic payments--ask for details.

**REORDERS:** Because of the personal nature of your photographs, full payment is due when an order is placed. You will have 30 days from the date of the wedding to place any orders at the prices listed in this brochure. Any orders not placed by this date will be subject to any price increases that may have taken effect and/or additional handling fees at studio's discretion.

**INTERNET ORDERING:** Pricing for orders placed on the internet may vary due to shipping and handling fees. Internet ordering will only be available for a limited time after the date of the wedding. After the given amount of time (at least 30 days), Internet ordering may not be available.

## What to Expect... making an informed decision

*If you choose to see each other before the ceremony, you can expect the following:*

1. No regrets—not one couple that we've spoken with that chose to see each other before the ceremony would choose to give back the memories created before their ceremony. This time is always a treasured wedding day memory.
2. We are able to capture the most romantic moments of your day through pictures without time pressures confining our creativity and your emotions. There is a sense of excitement before the ceremony that cannot be duplicated and we are able to capture it. You will feel romantic and enjoy having pictures with your soon-to-be spouse.
3. You will be able to spend time together and have plenty of "couple" time on your wedding day. You can share the special moments together that will make it YOUR wedding day.
4. You will have TWO very special moments instead of just one:

First, when you see each other for the first time with just the two of you in the sanctuary. This way, you can spend some time together on your wedding day with no interruptions or disturbances. These are some of the most precious moments of your day and you're able to be completely absorbed in the moment. And if you become emotional during your first few minutes together, there will be plenty of time to work around make-up touch-ups, etc.

The second Special Moment will come during the ceremony while the music is playing, the bride is coming down the aisle with her escort, the guests are standing, and the groom is up front with the minister waiting for his bride. Even though you have already spent time together before this moment, it will be very special because of all of the details that make it memorable and unique.

5. You will be more relaxed for the ceremony knowing that all of your pictures are complete. This way, you can enjoy the ceremony to its fullest and you won't be too nervous to remember your ceremony when all is said and done.
6. You are able to relax at your reception and be a part of each and every moment of it—if you want, you can be the very first ones through the door! You won't have to miss out on anything or hear from someone else what happened while you were completing pictures. You're able to greet all of your guests before any of them choose to leave.

*WHAT TO EXPECT...*

*If you choose to NOT see each other prior to the ceremony, please be prepared for the following:*

1. You may not be in a "picture-taking mood" after the ceremony so prepare yourself ahead of time to make sure that no tempers flare on your special day. Remember, all will have the pressure of your guests waiting for the completion of these pictures. And, of course, the pictures of the bride and groom together are the most important pictures of the day, so you cannot allow the pressures to interfere.
2. Some poses will be eliminated due to time constraints.
3. Know that some guests may not be able to greet you as a married couple because they are not able to wait for your arrival at the reception.
4. Decorations from the ceremony will not be able to be used at the reception (floral arrangements, etc) as they will need to be in all of the pictures after the ceremony. Any church clean-up crew must wait until pictures are complete before ANY sanctuary clean-up can begin.
5. If anyone to be photographed becomes emotional during the ceremony, be sure and have make-up close at hand to reduce tear-stained faces in pictures as we cannot delay the post-ceremony pictures for any reason.
6. Your guests will need to go ahead and eat without you there at the reception as pictures can take up to 1 hour from the end of the ceremony. This means that a receiving line is not an option.
7. There must be a secluded location for you to "hide" after the ceremony to avoid delays while the guests clear out of the sanctuary. If the ceremony and reception are in the same room or very close together, post-ceremony pictures become very difficult.
8. All of the wedding party and both families will need to stay for pictures with the bride and groom. This means they won't be able to go on to the reception until after we are finished with their pictures.; family members serving at the reception won't be able to be in pictures.
9. In most cases, you will need to cut the cake immediately upon entering the reception...this means that you won't be able to greet any of your guests for 10-15 minutes. after entering your reception. This also applies to your parents if they want to watch you cut the cakes.
